September/October

Welcome to our September/October catalogue

It is said that "He who would gather honey, must brave the sting of bees".

On an entirely unrelated note, I popped in to have a chat with our lead buyer Dom, a few days ago to discuss what's coming up in our latest catalogue.

Here are a few of his highlights...

Firstly, a completely new brand to us in **Rift Valley farms**. Nestled in the Jordan Valley, Rift Valley is a family-run collective that works alongside independent farmers across the West Bank.

They bring us a terrific range of high-quality Medjool Dates, Ground Sumac, Extra Virgin Olive Oil, Black Olive Tapenade, Shatta Hot Chilli Sauce, Za'atar and a beautiful range of Olive Oil soaps.

They're a great company, and buying their products directly supports Palestinian farming families.

The lovely team at **Steenbergs** has very kindly brought us a brand new range of teas for you to try. Steenbergs is a family-run firm based in North Yorkshire who are committed to organic, Fairtrade, the environment and their people.

The teas themselves are super, and the range is pretty expansive.

We have **Chamomile, Dreamtime, Happy Hippy, Dandelion, Nettle, Peppermint, Liquorice, Raspberry Leaf, Double Mint, Lemon Verbena.....breathe...Lemongrass, Hibiscus, Redbush, Yerba Mate, Assam, Earl Grey, English Breakfast and Gingerbread Chal.**

Phew, get that kettle on.

Arriving on our shelves from Finland, Land of a Thousand Lakes, is a range of **Organic snacks produced by Foodin**. They're packed with quality ingredients, no added sugar, are minimally processed, and most importantly, they taste delicious. The unique "Liquorice and Date" bar is definitely one to watch out for. Tasty snacks from start to Finnish.

Finally, **muesli magicians Alara have two new organic and vegan, "30 plant breakfast cereals"** to start your day with an avalanche of goodness. Choose from a muesli or overnight oats option. Or preferably both! Each recipe squeezes in somewhere between 29 and 31 wonderfully healthy ingredients. Oats, grains, seeds, nuts and dried fruits as far as the eye can see. All lovingly blended at their Net Zero factory in Kings Cross.

Flip forward to the New Products section of this catalogue to see what other fresh delights we have in store for you!

Good Stuff for good people...

**“Infinity Foods began in 1971
with a small shop in Brighton”**

Revolution rarely happens overnight.

Back in 1971, when hair was longer and trousers were considerably wider, a group of friends got together in Brighton with one simple aim: to make good, healthy food available to more people. Food that was organic before most folks knew what that meant. Food you could trust, from people you could talk to. They opened a shop and called it Infinity Foods. And the rest? Well, we're still writing that part.

**Today, Infinity is one of the UK's biggest providers
of organic and natural wholefoods.**

Delivering to health stores, cafes, makers or anyone else who wants to try buying in a more sustainable way. From beans, grains and pulses to bodycare and cleaning products. We've got you covered. All of it cruelty free. All of it responsibly sourced.

**“Infinity has been a workers
Co-operative since 1979”**

**GOOD
STUFF
FOR
GOOD
PEOPLE**

And while we've grown, we've never outgrown our values

We became a workers' cooperative in 1979. Owned and democratically run by the people who work here. That means no shareholders pulling the strings. Just a team that genuinely cares about food, service and doing the right things.

Each year, we work with local charities and community groups, donating tonnes of surplus stock to food banks..

At our huge wholesale warehouse in Shoreham by Sea, we harness solar energy and reuse or recycle everything we can. Even used packaging from local customers.

We've been playing the long game for over 50 years so you can trust we're doing things right.

Our success is a sign that the world is changing

But maybe some things should never change.
And we're working hard to keep some of the old traditions going.

Selling good stuff for good people.

The best quality pulses, grains, nuts and seeds. Fair prices, a friendly face and decent chat. We don't think these things should ever go out of style.

Good stuff for good people....

Good food for good people

CAULIFLOWER STEAK WITH ROASTED BEETROOT & BUTTER BEAN SAUCE

Serves : 4 Time: 50min (plus overnight soaking) **Level: Easy**

Ingredients

Cauliflower Steak

1 large cauliflower
3 tbsp olive oil
1 tbsp mustard
2 tspn Paprika
Salt and pepper

Butter Bean and Beetroot Sauce

200g Butter beans
1 medium beetroot
1 tbsp mustard
1 tbsp vinegar
1 head garlic
Juice of ½ lemon
Olive oil
Paprika
Salt and pepper

Rosemary and Thyme Pesto

Small bunch fresh rosemary
Small bunch fresh thyme
Handful of roasted hazelnuts
1 tbsp vinegar
2 tbsp olive oil
2 cloves garlic
Juice of ½ lemon
Salt and pepper

Method

Roasted Cauliflower Steak:

Preheat oven to 200°C. Season the head of garlic and beetroot with salt & pepper. Drizzle with olive oil then wrap (separately) in foil and roast for 1 hour.

Slice the cauliflower into chunky 3 cm thick steaks.

In a small bowl mix olive oil with mustard, salt, pepper and paprika. Brush both sides of the cauliflower with this rub.

Pan fry the cauliflower on both sides for a good crust, adding extra oil if needed, and then oven roast for 25 to 30 minutes, flipping cauliflower steaks halfway through, until golden brown and tender.

Rosemary and Thyme English Pesto:

In a food processor, blitz the pesto ingredients into a chunky pesto.

Let sit for at least 10 minutes to let the flavours meld.

Butter Bean Sauce:

Soak the butter beans overnight, in double the volume of water.

Drain the butter beans then boil them in fresh water until soft and tender.

Into a blender, put drained butter beans, roasted beetroot, cut into chunks. Squeeze in the roasted garlic.

Add mustard, vinegar, lemon juice, salt, and pepper. Blend until smooth, adding water or olive oil as needed to create a creamy sauce.

Warm gently before serving.

To Serve:

Spoon a few tablespoons of the beetroot and butterbean sauce onto a plate and spread. Top with a cauliflower steak and top with the pesto, drizzling some around the plate for garnish.

Nam Yang Brighton

Nam Yang – Hope, home, and harmony for everyone.

**“The event was part of
this year’s ‘Refugee Week’”**

We recently popped along to take part in an open training session put on by our friends at Nam Yang Martial Arts Community Club in Hove.

The event was part of this year’s “Refugee Week”, the world’s largest arts and cultural festival, celebrating

the creativity, resilience, and contributions of refugees and people seeking sanctuary.

“

Nam Yang is an inclusive space that fosters positive attitudes toward diversity

”

It was a great experience and lovely to see so many people from diverse backgrounds experiencing something new.

Nam Yang is an inclusive space that fosters positive attitudes toward diversity through their work with people with physical disabilities, special educational needs, mental health issues, refugees and those on low incomes.

In 2021, they became the first Martial Arts club to be awarded “Club of Sanctuary” status, joining the lovely folk at Brighton Table Tennis Club, who also hold this special award for making a real difference in their community.

It was a superb event that tired the body but certainly warmed the soul!

Good stuff for Good people....

A man with a mustache, wearing a black long-sleeved shirt, a high-visibility yellow safety vest, and dark trousers, is standing in a warehouse. He is lifting a large, heavy, maroon and white striped bag with his right arm. He has his left hand on his hip and is looking up at the bag. The background shows tall warehouse shelves filled with various goods.

Infinity people : Piotr Glodowski

Strong Shoulders, Big Heart, Impressive 'tache. Piotr is the perfect fit.

How long have you been with Infinity Foods, and what drew you to work here?

I've been here for 4 years now, which really isn't that long considering how long most other people have been here!

The idea of being part of a worker's co-op is what drew me to work at Infinity - everyone being treated equally in terms of their contribution to the organisation really aligns with my personal ethics.

The idea of being part of a worker's co-op is what drew me to work at Infinity

What does a typical working day look like?

I work in two different departments so my days vary greatly depending on which role I'm doing. If I'm working in Collating (ie. order picking), my day basically involves walking around the warehouse, putting products on pallets - I normally like to challenge myself by either choosing to collate the more difficult orders or by seeing how much I can collate in a day. If I'm working in Packing, my day involves helping to run one of our packing machines, where we empty sacks/boxes of bulk products into the machine, which then packs it down into retail-sized packaging. In both these roles, the days go by quickly, which is something that appeals to me!

What most surprised you when you came to work at Infinity?

How strong the sense of community is within our organisation - there are lots of people, with lots of different opinions, from lots of different backgrounds but there is a strong sense of caring.

Do you have a favourite product or brand on the shelves at Infinity?

Without a doubt Mummy Meegz - I have a ridiculous sweet tooth.

What did you do last weekend?

Went to Tidal Gathering on Saturday (a metal/rock tribute festival) and then to see Moby at On The Beach on Sunday.

What makes you most happy?

Seeing those closest to me having a good time.

If you had to eat one meal for the rest of your life and not get bored of it, what would you choose?

Hmmm probably pizza. Mainly because you can really put whatever you want on it (and yes, pineapple does belong on pizza).

Supplier Stories Lesbian Donkey

**From shore to shore.
Pure, organic and exclusive
to Infinity Foods.**

“Lesbian Donkey is an organic, cold pressed olive oil from the island of Lesbos in the north-east Aegean Sea”

Ok, let's address the elephant in the room — yes, it's really called Lesbian Donkey, and yes, that's what tends to grab people's attention first. But there's a lovely story behind this olive oil that'll make you'll understand why it couldn't be called anything else.

Lesbian Donkey is an organic, cold pressed olive oil from the island of Lesbos in the north-east Aegean Sea. The company was founded in 2013 when Spiros and Lina took their children and left city life behind to reconnect with the land their ancestors worked.

They continue to use many of the same methods of harvesting and producing their oil as their fore fathers (and mothers!)

They continue to use many of the same methods of harvesting and producing their oil as their forefathers(and mothers!) did for many years before them. Only olives picked directly from the tree are used to make the oil. Fallen olives are left where they land, returning nutrients to the soil naturally.

The name is a tip of the hat to the humble donkey that literally carried the olive industry of this region on its back for hundreds of years.

The olive groves around Plomari have existed for centuries and historically, donkeys would be used to carry olives through the impassable mountain terrain.

The name "Lesbian Donkey" is a reference to those donkeys that allowed the region's olive industry to thrive for generations.

We're proud to be the sole UK importer of Lesbian Donkey. It's available in 500ml, 1 litre, and 5 litre sizes(The 5 litre cans in particular look very cool).

Whether you're cooking, pouring it on a salad, or just dipping in some delicious bread, Lesbian Donkey olive oil is a taste and a story worth sharing.

 The Lubeca logo is a blue stylized script font inside a white circular frame.

Making great tasting marzipan. Since 1904.

Lubeca manufactures high quality marzipan for artisans and industry. The manufacture of our products is based on traditional and increasingly rare craftsmanship but in a very modern environment. Lubeca has the knowledge and over 100 years of experience of producing the best tasting marzipan.

The secret of our great marzipan quality is based on three things:

- The high quality almonds from smaller plantations in the Mediterranean region
- The fine grinding between two pairs of counter-rotating granite rollers - the same method used since 1904. This gives the defined structure and fineness and a smooth mouthfeel.
- We roast our marzipan traditionally in open copper roasting kettles in a complex process. It gives our products their unmistakable taste and sets them apart from other marzipans.

Lübecker Marzipan® is a Protected Geographical Indication (PGI) by the EU. The quality requirements for Lübeck Marzipan are set higher than for other commercially available marzipan. Our standards are high because our customers all over the world expect a consistently excellent quality that we have delivered ...for over 100 years.

Cereal Grains

Clearspring

New and on offer from Clearspring, three types of organic vegan gluten-free rice from Thailand. **Thai Hom Mali Aromatic Jasmine Rice** takes its name from the fragrant jasmine flower, its delicate aroma making this long grain rice ideal alongside curries, stir-fried vegetables or in a warming Khao Tom broth. **Thai Hom Mali Brown Jasmine Rice** offers the same fragrance in wholegrain form, its firmer texture and heartier bite suited to curries and vegetable stir-fries alike. Rounding out the trio is **Thai Sticky Rice - semi-wholegrain**, a staple of northern Thailand prized for its chewy texture and used across both sweet and savoury dishes. Retaining some of its bran for extra flavour, it pairs beautifully with salads, grilled vegetables and Thai curries, or with coconut milk for an exotic mango sticky rice pudding. Foodin

Also new and on offer from Foodin is the range of organic and vegan impulse snacks below. **Licorice Date Bar** is a simple treat made from little more than soft dates, dark licorice powder and a hint of sea salt, its black colour and rich flavour coming from natural vegetable charcoal, with no oils, grains or preservatives. Alongside it comes an extended raw chocolate range, handcrafted in Vaajakoski using a traditional stone-ground method in which the chocolate is milled for two to three days at low temperatures to preserve the character of its Criollo cocoa beans, grown by family farmers in the Amazon, and sweetened naturally with coconut sugar. This chocolate coats **banana**, **cashew**, **ginger**, **raspberry** and **strawberry** pieces for a soft, vegan treat, while a no-added-sugar version, sweetened instead with the natural, calorie-free erythritol, coats **almonds**, **macadamias**, **raspberries** and **strawberries** for those watching their sugar intake. *Clearspring															
<i>New and on offer from Clearspring, three types of organic vegan gluten-free rice from Thailand. Thai Hom Mali Aromatic Jasmine Rice takes its name from the fragrant jasmine flower, its delicate aroma making this long grain rice ideal alongside curries, stir-fried vegetables or in a warming Khao Tom broth. Thai Hom Mali Brown Jasmine Rice offers the same fragrance in wholegrain form, its firmer texture and heartier bite suited to curries and vegetable stir-fries alike. Rounding out the trio is Thai Sticky Rice - semi-wholegrain, a staple of northern Thailand prized for its chewy texture and used across both sweet and savoury dishes. Retaining some of its bran for extra flavour, it pairs beautifully with salads, grilled vegetables and Thai curries, or with coconut milk for an exotic mango sticky rice pudding. *Alara Breakfast cereals in compostable packaging														
NB. Alara Milled Linseed can be found in the Nuts & Seeds section														
<i>New and on offer from Alara, two organic vegan '30 Plant breakfast cereals' that make it easy for consumers to support gut diversity with breakfast. Each recipe contains 30 different ingredients, which help to work towards the popular '30 plants a week' guideline. 30 Plants Muesli is a blend of organic oats, grains, seeds, nuts and dried fruits, selected for both flavour and diversity. It is naturally nutrient-rich, high in fibre and contains no added sugar. 30 Plants Overnight Oats offers convenient soak-and-go preparation. Simply soak overnight in milk, yoghurt or a dairy-free alternative and wake up to a creamy breakfast with naturally sweet dried fruit and a satisfying crunch from the nuts and seeds. It is nutrient-rich and high in fibre. Both products are produced in Alara's Soil Association-certified net zero factory in King's Cross. They are packed in plastic-free, home-compostable film in a card box. The pricing marked ☐ below represents a 20% discount.</i>

* Pimhill																
New from Pimhill - "organic since 1949" as they say on the packet - Organic Fruit & Nut Granola made from single-origin oats grown in the parish of Pimhill, Shropshire. The oats are gently toasted with honey, juicy sultanas, crunchy nuts and seeds to produce a golden, crisp, classic granola, certified organic and fully traceable, with no colourings, preservatives or additives. It is packaged with sustainability in mind too, protected by a home-compostable inner bag and a recyclable outer box - qualities that increasingly matter to customers who care where their food comes from and what impact it has.

<i>New from Seggiano is a selection of organic vegan taralli, a traditional snack from southern Italy. Made from wheat flour, white wine, extra virgin olive oil and salt, these small rings are first boiled and then baked in the oven to create their distinctive crunchy, crumbly texture, similar to breadsticks. They are available in four delicious flavours: Original, Chilli, Fennel and Onion. Traditionally, taralli are enjoyed alongside or dipped in a glass of wine. These are packaged in smart gold trimmed boxes.</i>

* <u>Steenbergs - loose tea</u>															
New from Steenbergs, a range of mainly organic, gluten-free, vegan large-leaf loose teas covering everything from bedtime blends to bright, citrusy infusions. For winding down, Chamomile brews a deep yellow cup with a delicate floral, sweet apple flavour, prized for calming the nerves and aiding sleep and digestion; Dreamtime combines herbs into a robust, earthy blend designed to help you unwind and encourage sleep and Happy Hippy, Steenbergs' own house tisane, offers a crisp, cooling herbal and floral cup to soothe frayed nerves and lift the spirit. On the digestive and medicinal side, Dandelion brings a faintly bitter, woody flavour and a long-held reputation as a purifier of the blood and urinary systems, Nettle is mineral-rich and has a bitter, herby flavour with hints of saltiness, and well-known beneficial properties, Peppermint is crisp and refreshing with digestive benefits, Liquorice offers loose dried root pieces with a sweet, earthy, aniseed flavour, and Raspberry Leaf brews robust, grassy and subtly tannic. For something brighter, Double Mint blends organic peppermint and spearmint for a refreshing cup, Lemon Verbena is the classic French infusion - part of their savoir vivre - with a light, fresh lemon flavour and no tartness, Lemongrass gives a mild, increasingly popular citrus tisane, and Hibiscus makes a striking deep red tea, tart and lemony thanks to its high concentration of fruit acids. Finally, for those seeking a change from black tea, Rooibos (Redbush) is naturally caffeine-free, rich, warm and rounded whether taken with or without milk, while Yerba Maté offers a robust alternative which does contain caffeine.

* <u>Steenbergs - loose tea</u>														
<i>New from Steenbergs, a range of vegan organic gluten-free loose, large-leafed teas, hand packed in small batches. Assam is an everyday single estate tea. It is a classic rich, malty, slightly bitter tea that goes well with a drop of milk. Earl Grey tea is made from orange pekoe tea from Sri Lanka, blended in small batches with organic bergamot essential oil. It is a light brew with citrus floral flavours. English Breakfast tea is Steenberg's house blend and is a traditional mix of Assam, Ceylon, Darjeeling, Nilgiri and sometimes Rwandan tea - all orange pekoe and orthodox (whole leaf tea graded by size). It has has a robust balanced flavour with minimal bitterness. Gingerbread Chai is Steenberg's best-selling chai spiced tea. It is a smooth, brisk black tea with warming spices.</i>

*Oakwood Farm - glass														
<i>Returning from Oakwood Farm, organic vegan Gala Apple Juice made from apples harvested at Oakwood Farm in the Sussex High Weald. This single-variety apple juice is traditionally pressed to preserve the fresh, naturally sweet character of the fruit. * Foodin														
Also new and on offer from Foodin is the range of organic and vegan impulse snacks below. Licorice Date Bar is a simple treat made from little more than soft dates, dark licorice powder and a hint of sea salt, its black colour and rich flavour coming from natural vegetable charcoal, with no oils, grains or preservatives. Alongside it comes an extended raw chocolate range, handcrafted in Vaajakoski using a traditional stone-ground method in which the chocolate is milled for two to three days at low temperatures to preserve the character of its Criollo cocoa beans, grown by family farmers in the Amazon, and sweetened naturally with coconut sugar. This chocolate coats banana, cashew, ginger, raspberry and strawberry pieces for a soft, vegan treat, while a no-added-sugar version, sweetened instead with the natural, calorie-free erythritol, coats almonds, macadamias, raspberries and strawberries for those watching their sugar intake. All carry Finland's Key Flag label as a mark of local craftsmanship. The pricing below represents a discount of 20%.

What's changed since last time?

On the left-hand side of each page, you'll see a shaded column where you can check what's changed since the last catalogue.

We do everything we can to stick to the prices you see on the page, but sometimes events outside our control might mean they have to change. If this happens, we'll be sure to flag it clearly on your invoice.

Want to talk organic?

We label lots of our products as 'organic'. This means an official body, recognised by the EU, has certified the product. If you'd like more information about how this works, drop Charlie our Soil Association co-ordinator a message at: charles.booth@infinity.coop
