Product Code (SKU)	Nat	Pistachios - roasted & salted	250 g
Description	6865	A roasted golden-yellow brown shell which should be opened and of the correct grade. The shell is oval or 'eye-shaped' and a green-purple nut kernel should be protruding inside. The kernel is slightly wrinkled and dry-looking with darker, muted mauve and green colours than raw. It is about 15mm in length.	
Taste		A salty, roasted, fresh, clean and oily-aromatic taste, typical of a pistachio product which is sweet, perfumed and creamy. It will be free from foreign or burnt taints and off-flavours	
Texture		The shell should be hard and dry, and break crisply when opened. The nut has a relatively dry, uneven surface skin with a crunchy exterior which gives way to a crispy interior which is oily and smooth.
