Product Code (SKU)	**Nat**	**BBQ Almonds**	**60 g**
	8180		

Description Almonds are 'eye-shaped' and 20-30mm in length, they have a rich auburn-brown colour skin textured with a grain which runs the length of the nut. They have a fine and even coating of a red/brown seasoning which appears dusty but smooth. Internally they are a creamy white colour. They should be of the correct grade and size, free from mould and infestation.

Taste A fresh flavour which is savoury with a characteristic BBQ back note. Free from foreign and burnt taints and off flavours.

Texture The exterior of an almond is rough & dry on the palate; they are crunchy and give resistance to bite, becoming grainy on the palate once chewed. Seasoning may feel powdery on tongue.

Colour Rich auburn-brown colour
